Request for Consideration	

## 1. Introduction

This document provides information relating to the assessment of Higher School Certificate courses at Lake Illawarra High School.

## 2. Higher School Certificate Course Assessment

School based assessment for Higher School Certificate courses is carried out to measure a student's progress through a course and to assess a student's performance in those aspects of the course which may not be adequately assessed by a single examination at the end of the course. In the case of an upheld misadventure appeal at the time of the HSC examinations, the moderated assessment mark will become the HSC mark. For most board developed courses, school based assessment contributes 50% of your HSC mark.

## 3. The Assessment Program

The HSC Assessment Program, will commence at the beginning of Term 4, and conclude at the end of Term 3 of the following year. To co-ordinate the timing of assessment tasks in different courses, the following procedures will apply:

- Each student will be provided with an assessment task schedule which will provide an indication of when assessment tasks in each course will occur.
- A schedule of assessment tasks for each individual course specifying the various tasks (tests, assignments etc) and the marks allocated for each task is contained in this booklet (see Section 23 of this booklet).

While the schedule is provided as a guide to when assessment tasks will occur, unforeseen circumstances may result in a change of dates for an assessment task. Students should expect **at least two weeks** notice of the change of date for that assessment task.

## 4. The Assessment Program for Vocational Education and Training (VET) Courses

The VET courses offered at Lake Illawarra High School are category B Board Developed Courses. The Board and Australian Quality Training Framework (AQTF) require that a competency-based approach to assessment is used and that a record is held by the school of the competencies achieved by each student. The purpose of assessment is to judge competence on the basis of performance. A student is judged as either competent or not yet competent.

**All courses have a mandatory work placement requirement.** This means that students who do not complete 35 or 38 hours (depending on course) in their HSC year for each VET course studied will not receive their Higher School Certificate.

The HSC **examination** for VET subjects is NOT compulsory and is used only for ATAR calculations.

## 5. Assessment Marks and Rankings

Students will be provided with an assessment mark and ranking for each assessment task completed. In addition, students will be supplied with a cumulative assessment ranking at the end of each reporting period. A final overall ranking, but not the actual assessment mark, will be supplied to the student after the final HSC Examinations. The moderated assessment mark will be supplied to the student at the time that HSC results are released.

If an **appeal** is required against an individual assessment mark and ranking, it must be made **at the time the mark and ranking are received.**

## 6. Satisfactory Completion of a Higher School Certificate Course

The Board of Studies has stipulated that a student will be considered to have satisfactorily completed a course, if in the Principal’s view, there is sufficient evidence that the student has:

- (a) **followed** the course developed or endorsed by the Board of Studies.
- (b) **applied** themselves with diligence and sustained effort to the set tasks and experiences provided in the course by the school.
- (c) **achieved** some or all of the course outcomes.

Students are expected to perform **ALL** tasks required and sit for **ALL** tests scheduled as part of the assessment program in all courses they are studying.

The Board of Studies requires that students **MUST** make a genuine attempt at tasks worth **more than 50%** of available marks in a course to satisfy requirements for that course. If students do not meet this requirement the Principal must indicate that the course has not been satisfactorily completed and apply the ‘N’ determination.

Satisfactory completion of a Preliminary course or its equivalent is a prerequisite for entry into an HSC course.

## 7. Attendance and Satisfactory Completion of a Course

Principals may determine that, as a result of absence, the course completion criteria might not be met. Students whose attendance is called into question will be required to prove to the Principal’s satisfaction, following a review of their performance, that they are meeting the course completion criteria. Clearly, absences will be regarded seriously by Principals who must give students early warning of the consequences of such actions.

## 8. Non-Completion of Course Requirements – ‘N’ Determination

Students judged not to have satisfactorily met course requirements will have neither Assessment nor Examination marks reported.

If a student is at risk of not meeting the assessment requirements in a course, a warning must be given. The Principal must:

- Advise the student, in writing, in time for the problem to be corrected and alert the student to the possible consequence of an ‘N’ determination.
- Advise the parent/guardian in writing if the student is Under 18.
- Request from the student or parent/guardian a written acknowledgement of the warning.
- Retain a copy of the warning notice and other relevant documentation.

When a candidate has not satisfied requirements for a course the Principal must:

- Indicate to NESAs that student has not satisfactorily completed a course.
- Advise the student of the determination, its consequences, and the student’s right to a school review and subsequent appeal to NESAs.

## 9. Student Responsibilities

### 9.1 Assessment Schedule

Students must:

- Make sure that they have a copy of the Assessment Policy and Schedule
- Present work according to the schedule of dates for assessment tasks.
- Be aware of the penalties for non or late submission of assessment tasks.
- Be aware of the procedure to be followed if absent when a task is to be submitted, or completed in class.
- Satisfactorily explain all full and partial absences.
- Sign that they have received the Assessment Policy and Schedule

### 9.2 Presenting Work

Students must:

- Present their own work – see section 13 of this document.
- Submit work in an appropriate format and by the time indicated on the written advice.
- Not interfere with the efforts of others.
- Maintain a back-up copy of work completed using a computer; a computer crash or disk failure will not necessarily be accepted as a reason for not completing or submitting a task. Where exceptional circumstances exist, an appeal can be made to the Assessment Review Panel, who will make a final determination.

## 10. Teacher Responsibilities

Class teachers must:

- Ensure that students have a copy of the Assessment Schedule for their class.
- Follow the Assessment Schedule for their subject.
- Give students **at least two weeks'** written notice of the date of an assessment task ensuring that absent students receive the information the next time the student attends the class; the notice should include outcomes to be assessed by the task, administrative information concerning the task, an outline of the nature of the task, and criteria by which the task will be assessed.
- Where an assessment task needs to be rescheduled, negotiate with students concerning a suitable date. **At least two weeks'** notice should be given.
- Ensure that warning letters are issued for students not submitting tasks.
- Provide meaningful feedback in a timely manner that will assist them to review their work.

## 11. Non-Completion of Assessment Tasks

In order to satisfactorily complete a course, students will have completed all assessment tasks. In cases where a candidate hands in an assessment task after the due date without having successfully applied for Special Consideration (see section 22), a **zero result** is recorded for that task.

If a student does not submit a task a non-attempt will be recorded.

When a student fails to complete assessment tasks which contribute in excess of 50% of available marks, then the student will **automatically** be deemed to **have not satisfactorily completed** that course.

## 12. Absences and Extensions of Time

If a student is absent when an assessment task or test is to be carried out they may apply for consideration. This application must be made **in writing** (see Appendix) with supporting evidence within the time limits as indicated below and forwarded to the Assessment Review Panel.

### Absence from an Assessment Task

#### 12.1 When the Absence will be known in advance

If a student knows that they will be unavoidably absent when an assessment task is to be carried out, they must negotiate with the Head Teacher concerning rescheduling of the task. documentary evidence must be supplied to support their reasons for absence.

#### 12.2 Granting an Assessment Appeal

This requirement also applies if the student will be absent while representing the school on sporting, cultural, or educational representative duties.

If an Assessment Appeal has been granted then the Head Teacher (in consultation with the Principal and/or Deputy Principal) may:

- authorise an alternative task as soon as is reasonable and practicable after the student's return
- grant an extension of time
- determine an alternative procedure

#### 12.3 When the Absence was not known in advance

If absent from school when an assessment task is carried out, students should provide documentary evidence (for example, a doctor's certificate or other valid explanation) to support their reason for absence **within two days** of returning to school to the Head Teacher Secondary Studies (see Request for Consideration form in the Appendix).

The consideration will be considered by the Assessment Review panel and the decision to be forwarded to the Head Teacher.

#### 12.4 When no documentary evidence has been supplied to support an Absence

Where a student does not provide acceptable documentary or other evidence to support the reasons for an absence then the student **must still complete the task** to be deemed satisfactory for the course. Please note that this work must be completed to a standard, as judged by the teacher and Head Teacher, to be deemed a serious attempt. However, a **zero** mark will be allocated for HSC Assessment purposes.

#### 12.5 Illness or misadventure during a task

When a student has been ill or has been adversely affected during a particular task, it may be possible to apply for an extension of time or to complete a substitute task. This application, with supporting documentation where appropriate, should be made to the Head Teacher Secondary Studies (see Request for Consideration form in the appendix).

If the Principal considers that a valid reason exists for non-completion of a task then a decision will be made by the Assessment Review Panel.

If a student has an upheld illness/misadventure application, the student will be provided a substitute assessment task for completion.

#### 12.6 Late Submission of Tasks

If a student submits a task for assessment after the due date for submission then a **zero** assessment will be given for that task unless an extension of time has been granted in writing. However, submission of the task is essential for satisfactory completion of the course. A daily percentage reduction in marks **will not apply** for late submission of assessment tasks.

### 13. Malpractice

The honesty of students in completing assessment tasks, exams, and tests underpins the integrity of the HSC. Dishonest behaviour carried out for the purpose of gaining unfair advantage in the assessment process undermines the standard of scholarship represented by the award of the HSC and constitutes malpractice.

Students are responsible for knowing and complying with NESAs ACE Rules and policies regarding malpractice, including:

- a. [All My Own Work](#) (or its equivalent), and
- b. [HSC Rules and Procedures Guide](#), and
- c. [HSC minimum standard: Malpractice and breaches of test rules](#), and
- d. [HSC practical exams](#).

NESA's rules regarding malpractice must be read in conjunction with any course specific requirements outlined in [NESA syllabus](#) packages including Assessment and Reporting information.

Malpractice is any attempt to gain an unfair advantage over other students. Malpractice in any form including plagiarism, collusion, misrepresentation, and breach of assessment conditions is unacceptable. NESA treats allegations of malpractice very seriously and detected malpractice will jeopardise a student's award and achievement of the [RoSA](#) or the [HSC](#).

#### Plagiarism

- Plagiarism is when a student pretends to have written, created or developed work that has originated from another source.
- When using work that has originated from another source, students must acknowledge the source material in accordance with course specific requirements.

Plagiarism includes but is not limited to:

- a. copying someone else's work in part or in whole, and presenting it as their own, and/or
- b. using material directly from books, journals, the internet, or any other offline/online resources, without appropriate acknowledgement of the authors and/or source, and/or
- c. building on the ideas or words of another person without appropriate acknowledgement, and/or
- d. using ideas, designs or the workmanship of others in practical and performance tasks without appropriate acknowledgement.

#### Collusion

- Collusion is when a student inappropriately collaborates with another student, group of students, person, organisation, or entity to produce work that was meant for individual assessment.
- Collusion includes but is not limited to:
  - a. sharing answers to an assessment with other students and/or
  - b. submitting work that has been substantially contributed to by another person, such as a student, parent, coach or subject expert, and/or
  - c. contract cheating by outsourcing work to a third party, and/or
  - d. unauthorised use of artificial intelligence technologies.

#### Misrepresentation

- Misrepresentation is when a student misleads or deceives others by presenting untrue information through the fabrication, alteration, or omission of information.
- Misrepresentation can include but is not limited to:
  - a. making up journal entries for a project, and/or
  - b. submitting falsified or altered documents, and/or
  - c. referencing incorrect or non-existent sources, and/or
  - d. contriving false explanations to explain work not handed in by the due date.

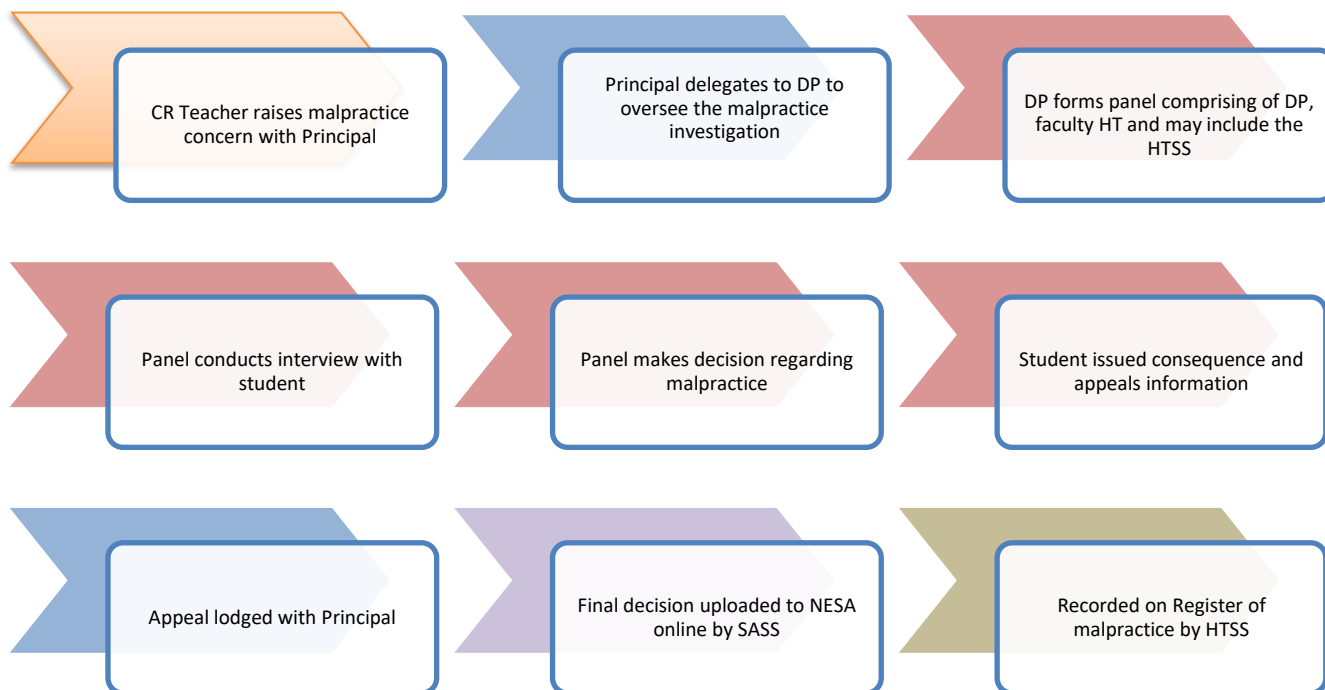

#### Breach of Assessment Conditions

- All students undertaking an [HSC exam](#) or [HSC minimum standard test](#) must comply with the assessment conditions set by NESA.
- When assembling for, undertaking, and leaving the exam or test session, students are subject to the direction and supervision of the invigilator. At all other times, students must adhere to the rules prescribed by their school or alternate venue conducting the assessment.
- A breach of assessment conditions includes any breach of:
  - a. HSC exam rules and procedures, and
  - b. HSC minimum standard test rules and procedures.
- Malpractice occurs when a student breaches the conditions set for assessment in an attempt to gain an unfair advantage.

Cases of malpractice will be referred to the Principal. Any case of proven dishonesty or malpractice by a student in an assessment task may result in a zero mark being awarded for the task. Other penalties may include a modified or adjusted mark, resubmission of task, completion of an alternate task, issue of a formal caution. Parents will be informed in such cases. (see Appeals form in appendix).

### Issues of Suspected Malpractice process

**Note:** Students who seek to obtain an advantage before assessment tasks by taking periods or days off could be penalised. Such penalties will be determined by the Head Teacher Secondary Studies. Absences before a task's due date will require authentication as per non-attendance at exams.

**Students who misbehave during exams or assessment tasks will be removed and will receive a mark of zero for the task.**

#### 14. Invalid or Non-Discriminating Tasks

In the case of a task not discriminating between students, being invalid or having problems associated with its administration, the School reserves the right to disallow (and omit) that task from the assessment program.

In these circumstances the School may add another task (with sufficient notice), and/or adjust the weightings accordingly.

#### 15. Rights of Appeal

In a case where a student feels that an error has been made in the marking of an assessment task, the student may appeal against that mark only at the time that information is supplied to the student by the course teacher. While the course teacher may deal with an informal appeal, students are advised to make appeals in writing using the Appeal form located in the Appendix.

Student cannot submit an appeal on the basis of:

- Alleged deficiencies in tuition
- Misreading the assessment schedule
- Misreading examination instructions

**16. Illness / Misadventure**

Students whose performance in an examination has been affected by illness or unforeseen misadventure suffered immediately before or during an examination period, must appeal in writing using the Request for Consideration form located in the appendix within two days of that examination.

Students cannot submit an appeal on the basis of:

- Difficulties in preparation or loss of preparation time – for example, as a result of ongoing illnesses
- Long term illnesses such as glandular fever, unless a “flare-up” or exacerbation of symptoms occur during an examination period

If a student has an upheld illness/misadventure application, the student will be provided a substitute assessment task for completion.

**17. Assessment Disputes**

Disputes over an individual task must be resolved within 5 school days of the task being returned.

The Principal is the final arbiter in all assessment matters.

**18. Change of Course/Late Enrolments**

For students changing courses, the Principal must be satisfied that they have satisfactorily completed the relevant HSC course (or equivalent), and that they will be able to complete all course requirements, including assessment.

When a student enrolls at the school after the assessment program has commenced, that student’s rank order in each subject will be determined on the basis of work done in the current school only.

**19. Marks for Alternative Procedures/Extensions of Time**

In those cases where alternative procedures have been authorised (see Section 12), the mark given for the task will be used as a basis on which to estimate the student’s rank order for the particular task. This is necessary, as a substitute task does not always duplicate the same conditions and content as the original task. When the position of the student has been established, the mark most appropriate for that position will be awarded and recorded.

Where an alternative task cannot be given, a mark will be allocated with the approval of the Principal.

**20. Moratorium on Assessment Task**

There will be an assessment “free” week the week prior to all formal semester examinations.

**21. Assessment Review Panel**

The Principal will select the members of the assessment review Panel. It will consist of at least three members: The relevant Deputy Principal, the Head Teacher of the subject concerned and the Year Adviser.

**The Assessment Review Panel will:**

- Adjudicate on all “*request for consideration*” forms submitted.
- Review appeals against final assessment marks and ranks. (NB: Review of Assessment grading will consider the **procedures** and not involve reconsideration of the teacher’s judgment).

**22. Further Information**

Further information relating to general issues may be obtained from the:

- Principal
- Deputy Principal
- Faculty Head Teachers
- Head Teacher Secondary Studies
- Year Adviser
- The NESAs Website

## HSC Assessment Advice for VET Courses

Assessment in VET courses is competency based. This means that you need to demonstrate that you have gained and can apply the specific knowledge and skills for the unit of competency to be deemed competent in that unit. Evidence of competence will be collected in a variety of ways including written tasks, practical demonstration, portfolio or assignments.

You will be deemed "Competent" if performance in all required assessment activities for the unit of competency is satisfactory or Not Competent if you are still developing skills and/or your performance is at an unsatisfactory level. There is no pass or fail. This means that a course mark is not allocated. For this reason, the assessment schedule for HSC VET courses is in a different format to other NESA Courses.

Formal assessment will be scheduled only when you have developed the necessary skills and underpinning knowledge to demonstrate competency.

Your trainer will keep an outcome record of units of competency. You may request to see this record at any time to determine your progress. Alternately you will be supplied with a competency log for maintaining a record of units achieved. You are entitled to seek advice about options for further training and assessment for competencies 'not achieved'. Refer to the Student Guide for additional advice. You will also receive a report from the school each semester indicating competency achievement. Competencies cannot be recorded without the sufficient assessment evidence.

**The achievement of competency in the units of competency as stated in the Training and Assessment Strategy (TAS)** will lead to a Certificate at AQF level I, II or III or a Statement of Attainment towards the AQF qualification. A digital transcript will be issued by the NSW Education Standards Authority (NESA) on behalf of Public Schools NSW Wagga Wagga, Registered Training Organisation (RTO) 90333 for successful completion. Refer to your NESA Student Online profile for more information.

**Recognition of Prior Learning (RPL)** on the Wagga Wagga RTO RPL form with the portfolio of evidence relevant to each unit of competency for which RPL is requested. The RPL form and evidence portfolio must be submitted to your trainer prior to course commencement who will forward it to the RTO manager for review.

**Credit Transfer (CT)** may be given for a unit of competency (UoC) previously achieved with another RTO after verification of the UoC. Seek CT advice from your trainer, who will contact the RTO, prior to the commencement of the delivery of this UoC.

**N Determination** letters will be issued to students who do not demonstrate due diligence and sustained effort in the course, participate in mandatory work placement and or apply themselves to course outcomes. This process may then lead to an "N" determination for this subject which may prevent the achievement of the HSC. Warning letters will not be issued for failure to achieve competency but are about fulfilling the requirements of learning for the HSC.

**Work placement** is a mandatory HSC component in some courses and must be completed during the course. (Refer to the specific course assessment summary for more detailed information).

- you will not be permitted to participate in a work placement if you are not deemed 'work ready' by your trainer.
- a 'N' determination will be issued if work placement is not satisfactorily completed. This means that the course will not count towards your HSC pattern of study. However, you will still receive a Certificate or Statement of Attainment which indicates one or more unit/s of competency achieved towards the qualification.
- the scheduled date for work placement is shown in the course assessment summary.
- you will complete a workplace journal of your placement.

**Work placement advice from NESA in response to COVID**

<https://educationstandards.nsw.edu.au/wps/portal/nesa/about/news/novel-coronavirus/vet-work-placement>

**HSC Examination is only available in some VET courses. (Refer to the NESA course outline and the specific course assessment summary for detailed information).**

- Optional for students completing the 240 hour course and is intended for Australian Tertiary Admissions Rank (ATAR) purposes only. (Refer to the specific course assessment summary for more detailed information).
- Independent of the competency based assessment requirements for the Australian Qualifications Framework (AQF) VET qualification. The satisfactory completion of the course will still appear on your HSC if the optional exam is not undertaken.

If you intend to use your VET course towards the calculation of the ATAR, the school must submit an estimated mark of your likely performance in the HSC examination. The calculation of the mark is a school decision and will include the Trial HSC examination. This mark is only used in the event of misadventure
